## Corporate Events

### **Corporate Team Building: Why Escape Games Work**

Outsmart offers the ultimate team building experience. Our escape rooms are perfect for corporate outings and enhance synergy in the workplace. By placing employees in a high-pressure environment where they must rely on each other to succeed, the result is a cohesive team who works together more effectively and efficiently. When you participate in one of our rooms, you'll find that communication and teamwork happen naturally within the group. Different team members will step up to lead at different times, and everyone will work together to find solutions. There's no better way to get co-workers collaborating and interacting outside of the workplace than our escape games!

### **How Do Corporate Escape Room Events Work?**

Groups will be evenly assigned to each escape room. Every room has a different storyline which the group will be briefed on prior to entering or while in the room. Everyone must work together to solve problems, uncover clues, and crack codes in order to progress through the room and accomplish the task at hand before the hour is up. Our games are challenging and mentally stimulating but don't require any physical exertion.

**What Does Outsmart Offer Corporate Clients?** Any and all types of organizations enjoy escape room events. We have hosted team building events for companies as large and diverse as the University of Notre Dame, Pokagon Band, and the City of South Bend (all of which are returning clients) as well as small businesses from an array of industries. All of our locations offer private escape room events for corporate groups at no additional cost. We offer special rates for corporate events depending on the size of your group. Reference below.
